Education

- Habilitation à diriger des recherches, [Université de Toulon](#), 2023
- Ph.D in Computer Vision, [University of Bristol](#), 2014
- MSc. in Astrophysics, [Université de Strasbourg](#) and [Observatoire de Strasbourg](#), 2008
- Engineer degree (MSc. level), [Ecole Nationale Supérieure de Physique de Strasbourg](#), 2008

Professional background

- Since 2018: Associate professor, Université de Toulon, LIS laboratory (France)
- 2016 - 2018: Assistant professor, Swansea University (UK)
- 2013 - 2016: Postdoctoral research associate, University of Bristol (UK)
- 2009 (6 months) & 2007 (3 months): Developer for Martian robotics, SciSys UK Ltd (Bristol, UK)
- 2008 (6 months): Visiting researcher at Institute for Astronomy (Honolulu, Hawaii, USA) and International Space University (Strasbourg, France)
- 2006 (2 months): Research Assistant at Strasbourg Observatory (France)

National and international research programs

- ATLAS 2023-2026 PI Région Sud "Emploi Jeunes Doctorants"
- SIDEREAL 2023-2026 PI CNRS-80 PRIME (galaxy evolution in collaboration with Observatoire de Strasbourg)
- SIDEREAL 2022-2023 PI [CNRS-MITI "Sciences pour l'IA, l'IA pour les sciences"](#) (galaxy evolution in collaboration with Observatoire de Strasbourg)
- [PRESAGE](#) 2021-2025 PI ANR JCJC (solar physics in collaboration with Observatoire de Paris)
- [DRAGON-S](#) 2020-2022 Co-I [UNICEF/EVAC](#) (linguistic in collaboration with Swansea University)
- MYOCARDE 2019-2022 PI Région SUD (medical imaging in collaboration with Bristol Heart Institute)

- Academic collaborations: Observatoire de Strasbourg, Institut de Planétologie et d'Astrophysique de Grenoble (IPAG), Observatoire de Paris, Department of chemistry at Swansea University (UK) and University of Rostock (Germany), Jet Propulsion Laboratory at NASA (USA), Health & Care Research Wales (UK), Bristol Heart Institute (UK), Department of linguistics at Swansea University, Ubiquitous computing group at University of Rostock, Computer vision lab at University of Bristol, Department of law at Swansea University, Department of orthopaedics at Bristol Hospitals
- Industrial collaborations: OceanNext, Datlas, ACRI-ST
